

COLUMBIA REVIT USER GROUP

Please join your local community and peers for Columbia's Revit User Group Meeting as we share tips, discuss successes and challenges, build technical skills, exchange ideas, and stay on top of the latest in BIM technology.

Enjoy a **FREE** lunch while guest speakers Patrick Hill and Bruce Harris, TPM Application Engineers, present "What's New in Revit Architecture, Structure and MEP in 2012." The presentation will include:

- Construction Modeling Tools
- Point Cloud Tools
- Worksharing
- Performance & Model Linking Enhancements
- Visualization Display Options
- Reinforcement and Structural Analytical Enhancements
- MEP System assignment and graphic overrides
- MEP Duct and Pipe Placeholders
- MEP Parallel Pipes and Conduit
- MEP Panel Schedule improvements

If you are an Autodesk Revit user or thinking of moving to Revit, but are not sure how to get started, we encourage you to attend! You have nothing to lose, but everything to gain.

This user group is **FREE** and open to anyone who's interested.
